Our research interests, your needs?

Summarization

Temporal relationships

Summarization & Temporal relationships

Summarization & Temporal relationships

(1) Corpus Overview

(2) Text Summaries of entities

(3) Temporal Relationships of entities

Main questions

(1) Where do you start searching?

(2) How do you look for patterns in documents? How do you organize them?

(3) What types of temporal relationships are you interested in?

Workshop structure

- Individual meetings
- Group meeting - focus groups and brainstorming if there's time
  - 5 min - explaining questions/walkthrough
  - 10min - think & answer
  - Remainder - discussion
    - Everybody speaks - build off of each other's ideas…
    - Moderator - make sure everybody has a chance to speak

Recent story

- Describe a recent story -- but reflecting on how it generalizes
  - How did you come up with an idea for a story?
    - Inspiration/starting point: Already have a story? "Serendipitous"? Periodical?
    - Editorial board -> meet, decide what is gonna be inserted that day
  - Where do you start looking for material?
  - What materials did you collect?
  - What type of relationships did you look for in the material?
    - Temporal relationships?
  - How did you analyze/organize the information collected?
  - How did you create a summary for a story?
- How does this generalize?
- What problems did you encounter?
